

## Equipment list

### Infrared heating unit

**IMPORTANT** In order to qualify for this grant, you must contractually commit with Énergir or an Énergir Authorized Partner prior to your appliances' installation. The total grant amount must not exceed admissible expenses. Some restrictions apply. The conditions of the program and the amount of the grants are subject to change without notice. Applications not involving heating the interior are not eligible for this program as well as applications of agricultural production. Examples of ineligible applications: patio heaters, process, poultry, hog, etc.

## Equipment list

### Infrared heating unit

**IMPORTANT** In order to qualify for this grant, you must contractually commit with Énergir or an Énergir Authorized Partner prior to your appliances' installation. The total grant amount must not exceed admissible expenses. Some restrictions apply. The conditions of the program and the amount of the grants are subject to change without notice. Applications not involving heating the interior are not eligible for this program as well as applications of agricultural production. Examples of ineligible applications: patio heaters, process, poultry, hog, etc.

## Equipment list

### Infrared heating unit

**IMPORTANT** In order to qualify for this grant, you must contractually commit with Énergir or an Énergir Authorized Partner prior to your appliances' installation. The total grant amount must not exceed admissible expenses. Some restrictions apply. The conditions of the program and the amount of the grants are subject to change without notice. Applications not involving heating the interior are not eligible for this program as well as applications of agricultural production. Examples of ineligible applications: patio heaters, process, poultry, hog, etc.

## Equipment list

### Infrared heating unit

**IMPORTANT** In order to qualify for this grant, you must contractually commit with Énergir or an Énergir Authorized Partner prior to your appliances' installation. The total grant amount must not exceed admissible expenses. Some restrictions apply. The conditions of the program and the amount of the grants are subject to change without notice. Applications not involving heating the interior are not eligible for this program as well as applications of agricultural production. Examples of ineligible applications: patio heaters, process, poultry, hog, etc.

## Equipment list

### Infrared heating unit

**IMPORTANT** In order to qualify for this grant, you must contractually commit with Énergir or an Énergir Authorized Partner prior to your appliances' installation. The total grant amount must not exceed admissible expenses. Some restrictions apply. The conditions of the program and the amount of the grants are subject to change without notice. Applications not involving heating the interior are not eligible for this program as well as applications of agricultural production. Examples of ineligible applications: patio heaters, process, poultry, hog, etc.

Category (Btu/hr)	Manufacturer	Make	Model	Btu/hr	Financial grant
