

# Request to purchase renewable natural gas (RNG)

## Information about applicant

Name:  Title:

Email:  Phone number:

Account number	Service address	% of RNG requested	Requested start date	Annual target volume (m <sup>3</sup> )	Direct purchase account (if applicable)

## Comments regarding your request for RNG:

In submitting this request to Énergir, s.e.c. (**Énergir**), we agree to purchase renewable natural gas (**RNG**) from Énergir according to the following terms and conditions:

- **Quantity:** The smallest of the following two quantities: i) the percentage of our annual consumption of natural gas, as determined in the following table; or ii) the percentage determined by Énergir.
- **Terms and conditions:** The Énergir Conditions and Tariffs approved by the Régie de l'énergie, as modified from time to time, apply. The rate for the supply of RNG is set annually. It is currently approved at 52.729 ¢/m<sup>3</sup> (\$13.92/GJ), to which is added the other services provided by Énergir (transportation, balancing, etc.).
- **Start date for purchase of RNG:** The latest of the two following dates: i) the date determined in the following table; or ii) the date set by Énergir.
- **Supply service provided by the customer:** Only customers with direct purchase **with transfer** contracts can consume RNG distributed by Énergir. Customers with direct purchase without transfer and/or with fixed-price contracts are not eligible to purchase RNG distributed by Énergir. The percentage of RNG for eligible customers with direct purchase with transfer is that accepted by Énergir.

Énergir will inform me in writing (**Notice of acceptance**) of the consumption parameters accepted within 7-30 days following receipt of my request.

Following receipt of the **Notice of acceptance**, I may request a modification of my RNG purchase agreement at any time by sending a 60-day prior notice to [gnr@energir.com](mailto:gnr@energir.com).
